Date of Return:

All Products must be secured to prevent in-transit damage. Cardboard dividers must be used between all returned Product to prevent damage to material. If Product is in sufficient quantity or size to palletize, only 33"x 44" shipping pallets or 40"x 48" standard shipping pallets are to be used. Material must not exceed the outside perimeter of pallet used by more than 1". All pallets must be stretch-wrapped a min 2 times. Manufacturer is not responsible for damage during transit.

Δ No Product will be accepted for return or warranty if it is physically damaged UPON ARRIVAL at our facility.
